Access-2024-31564 - Attribute-Guided Alignment Model for Person Re-identification with Feature Distillation and Enhancement

Dear Mr. Khare:

You are 4 days late in providing your review results for the above paper. Please do note that providing review results on time is a strong part of any journal evaluation scores.

It is very important that authors will be informed about their paper status in the given period of time. For this purpose, I kindly request you to send this review result at your earliest convenience. If you have any problem to meet this requirement, do inform me as soon as possible.

Thank you very much for your support to IEEE Access.

Sincerely,
Dr. Gerard-Andre Capolino
IEEE Access
