Hi All,

I wanted to pass on some amazing news that we secured a significant early renewal with Charles Schwab at the end of April with **incredible growth**, expanding the contract to include the retail sector. **GNMRR was \$160K, \$429K gross retention and TCV of \$21.2M.** This brings Charles Schwab to a baseline of **\$589K MRR.**

Charles Schwab has been a customer of DocuSign for over a decade. They have two primary business units:

- **Advisor Services** (custodial relationships)
- **Individual Investors** (retail)

DocuSign was selected by **Individual Investors (retail)** over Adobe in 2022 due to our ability to showcase material business impact within the existing Advisor Services, where DocuSign digitized their top 70 forms, improving

- significant hard-cost cost savings
- reduced transaction turnaround times
- enhanced customer experience
- lower NIGO rates
- improved security and compliance posture for both advisors and clients

How we meaningfully expanded the business within RETAIL, which will reach 300 branch locations

- DocuSign & Schwab teams have met weekly for 18 months, closely partnering on blueprints and rollout strategies, aligning around key metrics and KPIs for the project
- Close collaboration allowing our team to provide deep insights, resulting in a 50% increase in GNMRR outcome
- Transparent roadmap discussions
- Deep technical experts and deep knowledge of the industry

- We laddered alignment with key executives and stakeholders to our executives and leaders which allowed for transparent communication at multiple levels, hosting EBC's and onsite QBR's

As the leader of the charge of the overall relationship, it takes an army and I wanted to thank so many individuals who helped enable this win. Here we go:

- **Anne Peterson & Tony Spensieri (Sales Leadership)**, who joined multi onsite QBRs and EBCs, paving the way for trust and success through their guidance and mentorship, adeptly connecting with multi stakeholders through relationships, and providing invaluable deal structure and posturing guidance; always expecting the unexpected, we couldn't have done it without them!
- **Sara Draffin (CSAM)** -the GOAT of all CSMs, renowned for her unwavering dependability and organizational prowess, cherished by Schwab and internal teams alike, as one of the longest-standing team members possessing an unparalleled depth of knowledge about Schwab's business; Sara stands as the epitome of the best sales business partner, fostering open communication and seamlessly connecting with stakeholders to ensure unparalleled success!
- **Tim Britten (SE)** - who has not only led countless technical demos with finesse but has also been discussing our roadmap (webforms, maestro, advanced authentication, custom solutions) since its inception, forging strong relationships and alignment with Schwab's COE owners, and flawlessly presenting industry benchmarks that inspired Schwab to accelerate their transformation; always ready to roll up his sleeves and lend a hand, Tim exemplifies dedication and expertise in every endeavor!
- **Nick Vallone (TCSM)**, is indispensable for Schwab's Advisor Service team, leading weekly stand-ups and playing a pivotal role in addressing product challenges; his dedication extends beyond mere support as he's actively attended on-sites, fostering invaluable relationships. With Nick's expertise laying a strong foundation, we eagerly anticipate their pivotal role in our expansion into Retail, driving success every step of the way!
- **Mangesh Bhandarkar (Executive Sponsor)**, whose exceptional efforts in fostering executive relationships at Schwab's neighboring office in San Francisco, leading EBCs, and removing product roadblocks have been instrumental in our success!
- **Patrick Meyer (Director of Solution Consulting)**, visionary leadership sparked the idea of the industry benchmark report (IBR), and consistently brings new perspectives to our team based on their unparalleled industry expertise; their innovative thinking and strategic insights continue to elevate our approach, setting new standards for excellence in our field!
- **Brooke Kurtzman (ECS)**, the run rate queen, with every deal closed, Brooke not only secured victories but also removed time-consuming commercial asks, propelling us towards unparalleled growth!
- **Ron DeCamella (Engagement Manager)**, he's secured professional services that have become the cornerstone of our triumph, steering us towards victory with steady governance meetings and invaluable best practices.
- **Roshel Van Der Grinten (Senior Manager, Professional Services)**, who took the reins onsite, ensuring Schwab's full grasp of our customer success architects within our professional service offering.
- **Dea Allgood (CSA), Frank Tsai (TC), Hayan Shamas (TC), Professional Services**, They've been true warriors, standing shoulder to shoulder with Schwab's development and product teams in the trenches, advocating tirelessly on Schwab's behalf. Their dedication and expertise have been the cornerstone of our success, and we couldn't be more grateful for their unwavering support and collaboration!
- **Pete Seeger, Natalia Jhaveri, Peter Rae, (Legal Counsel)**, with dedication and agility, they were right there on chat, meticulously going through line by line in the MSA amendment, offering invaluable guidance and raising crucial questions. Their hustle to secure insurance requirements and provide creative legal solutions in the nick of time was nothing short of heroic. They truly embody the essence of #Suits, and we couldn't be prouder to have them on our side!
- **Beatriz Benjamin, Roxana Galvez, (Rev Ops)**, through every twist and turn, they've been the steady hand guiding us with quote guidance and unwavering support, even through the countless iterations and late hours.

- **Bruce Walter, Ella Robinson, (Deal Desk)**, they fearlessly tackled a massive spreadsheet of data, delving into the depths to provide invaluable insights and mentorship on different deal structures. Their expertise and guidance were instrumental in preparing language that resonated and appealed to Schwab, paving the way for success.
- **Lawan Likitpunpisit, Marshall Nam, Pranav Khare, Parsa Pezeshki, John Kostovski (Product Leaders)**, they were the driving force behind making the Salesforce integration a reality and overcoming the challenges posed by KBA with finesse.
- **Kiana Oreglia, Siseko Mahlati (Value Engineering)**, their expertise in Proposal Analysis and Comparison not only inspired a compelling proposal story but also played a pivotal role in aligning our point of view and value proposition to new stakeholders early on.
- **Rachel Begin (Marketing Manager - ABM EBU)**, her leadership has been instrumental in driving numerous conversations on building awareness at the branch level through creative partnership strategies. Not only that, but their ability to connect with Schwab leaders at Momentum has opened doors to new opportunities and collaborations.

There are numerous other individuals that were part of this massive team effort. I may have missed someone. Huge thanks to all!

Hi Team,

HUGE Congrats to Lacie Noe for **OVER Achieving** her **FULL** year quota today (200%) with Charles Schwab closing at 160k gnmrr, 429k Gross Retention and 21.2m TCV.

More to follow on the deal details next week and the key people who worked on it but we all know it starts with Lacie organizing, strategizing, bringing in all key people to help at the right time.

Most of all, she earned the trust of Schwab Executives on how she is there to support their strategic needs.

We are ALL so proud of you Lacie.

Cheers,
Tony

Absolute INCREDIBLE outcome Lacie. You were an amazing quarterback running the customer relationship and working with our extended team and bringing in the right resources at the right time. This is a great growth story expanding the relationship to the Retail side of the business which took many years of selling. This deal was long time brewing and the outcome is a win win for both customer and DocuSign.

Well deserved and congrats for already being 200% of your annual quota.

Amazing work, both!

Since it's a renewal...thoughts about approaching them for a case study?

Unless those issues you mention in your email are still present / were quite serious?

Best,

I'll defer to Pranav on if it's good for a reference since it's pure KBA usage

Hi Pranav,

Sounds good. Please let me know how your meeting with the account team went and what their thoughts are RE the case study.

Best,

thank you @John Kostovski

Awesome news an congrats to @Pranav Khare to make it happen. It is a great win. Let's see if we can get them migrated from the legacy product now.

Hey Matteo,

The accounts team wanted to know what kind of case study we are talking about and shared that Schwab has been hesitant in the past about external case studies. They are still open to discussing this with Schwab and see if there stance has changed.

I am going to start a slack thread between all of us, so that you can directly communicate with them about the ask.

Hi Pranav,

A Slack channel with the account team sounds like a good idea. That way, I can ask all my questions to them directly :)

Congrats again!
