I'm thrilled to announce [@Pranav.Khare](#)'s promotion to Lead Product Manager! Please join me in congratulating him on this important achievement 🎉

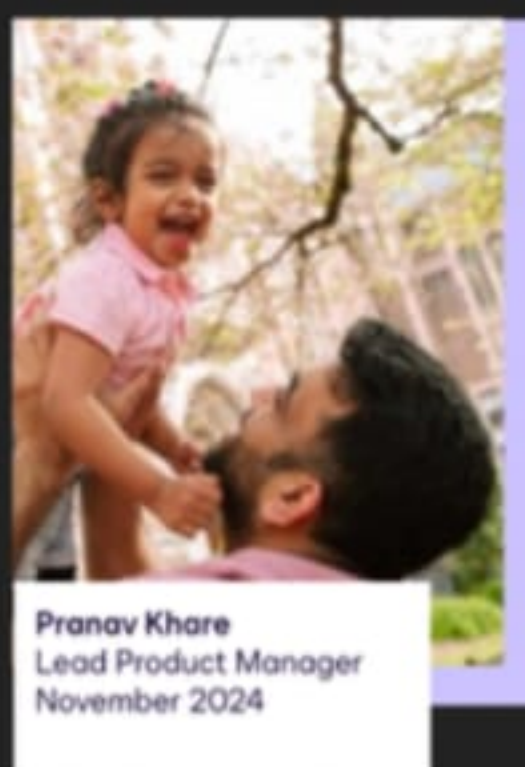

Crushing it! 🎉

Please join me in congratulating **Pranav Khare** on his promotion to **Lead Product Manager**!

Since joining Docusign two and a half years ago, **Pranav** has been managing the largest products within Identify portfolio, driving growth and building strong partnerships, all while expertly resolving customer issues and leading key product enhancements. Pranav has also led the successful integration of IDV into Maestro through strong cross-team collaboration and creative problem-solving. His work on product strategy has shaped the Identify roadmap for 2024, focusing on customer retention and growth through innovative solutions and strategic execution.

In his new role, Pranav will focus on expanding the Identify portfolio into onboarding use cases by implementing a risk-based approach to Identity Verification.

Congratulations **Pranav**!
